

Community College Softball

New Sports Lighting:
Remote Driver Assemblies
on Community College
Softball Field

Alabama

Project Summary

Lighting Standard

NCAA

Level of Play

Intercollegiate

Size of Field

200' Radius Diamond

Project Situation

The larger baseball diamond beside the softball diamond has been lit for years; however, the softball diamond hadn't been. Due to the recent success of the women's softball team making multiple post-season appearances, the Community College decided it was time to celebrate their success with field improvements, including new lighting.
