

North London Soccer

New Sports Lighting:
Integral Driver Assemblies
on Soccer Fields

London, ON

Project Summary

Lighting Standard

Class IV

Level of Play

Recreational

Size of Field

2x Large (200' x 330')

Project Situation

As London, ON expands its community, it is essential to ensure that recreational spaces are used and maintained accordingly. To ensure optimal use of these spaces, London collaborated with Spartan Sports Lighting to install field lighting on two of its north soccer fields. Now, recreational users can enjoy these fields both day and night!
